PROFESSIONAL EXPERIENCE

Iron Mountain – Boston, MA (Remote)

May 2023 – August 2023

Product Manager Intern

- Championed the development of an API Test Client using Python, validating Iron Mountain's cloud storage services and tokenization efforts, resulting in a 400% increase in testing efficiency
- Spearheaded the establishment of a prototype database for Digital Pathology on Demand, leveraging SQL to enhance comprehensive testing processes
- Researched and formulated a Private Blockchain implementation timeline at Iron Mountain, leading to an internally published recommendation recognized by the Director of Product Management
- Orchestrated the application of product roadmaps, providing a structured framework for the development team and ensuring timely execution and seamless communication
- Conducted user interviews for Iron Cloud, significantly influencing product development during the discovery phase

ShuffleMe – Indiana University, Bloomington, IN

September 2022 – December 2022

User Experience Researcher

- Tested and implemented code for ShuffleMe, an app designed to track the impact of social media on the mental health of its users
- Utilized Google Colab and Jupyter Notebook to integrate 16-point facial recognition software to track changing of emotions through heatmaps which increased accuracy and precision of the application's ability to read emotions

First Merchants Bank – Munster, IN

May 2022 – August 2022

Engagement & Analytics Intern

- Deployed no-code software to lead the development and publication of 3 new webpages within First Merchants internal network for different Employee Resource Groups, which provided a platform for each group and increased awareness for events
- Applied Excel knowledge to create a volunteerism analytics spreadsheet tracking trends and outliers within volunteerism, which was presented to the Indianapolis Regional Management team to be used for a company-wide volunteerism program
- Collaborated with Corporate Social Responsibility leadership to create a tiered-volunteering system which incentivized First Merchants Bank employees to contribute to community service in, resulting in a 36% engagement increase

LEADERSHIP AND ACTIVITIES

Robert Liu Memorial Foundation – Indiana University, Bloomington, IN

December 2021 – Present

Executive Director

(April 2022 – Present)

- Led a team of 8 students in Fall 2022 and Spring 2023 to head the Robert Liu Memorial Foundation, an organization that allows mental health treatment to be more accessible within the Kelley School of Business and Indiana University
- Generated engagement by developing an incentive system for the year's Speaker Series schedule, which saw attendance operate at 425% of the previous year's average involvement, resulting in greater awareness of mental health resources
- Spearheaded the planning and execution of the Robert Liu Memorial Gala that brought in over \$15,000, which featured notable speakers, catered food, gratitude events, and a fireside chat for 150 attendees

Alpha Kappa Psi, Professional Fraternity – Indiana University, Bloomington, IN

November 2021– Present

Director of New Member Education

- Steered the education and professional development of the newest pledge class of Alpha Kappa Psi in Fall 2022, leading them in networking and interview workshops, fraternity education, and integration into the chapter
- Conducted a weekly lesson plan spanning over 9 weeks to guide new members in adjusting to college socially, educationally, and professionally, which helped ease their transition to Indiana University and help them blossom as young professionals
- Led a group of 34 students in a 2-month fundraising initiative that featured weekly events and programs and helped market said events through word-of-mouth and social media marketing, which saw funds produced at 200% of the average total set from years prior
